DETAILED ACTION

Response to Amendment

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn. Claims 1-35, 42, 44 and 49 remain withdrawn from consideration as being drawn to a non-elected invention.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 36-41, 43, 45-48 and 50-61 are rejected under 35 U.S.C. 103(a) as being unpatentable over the Esalestax.com disclosure written about by Ms. Anne Kerven of Silicon Mountain News (hereafter "Esalestax.com") in view of State of North Carolina Request for Proposals, RFP # 001185 (hereafter "RFP # 001185").

Esalestax.com discloses collecting by an agent the correct sales and/or use tax and paying each taxing jurisdiction effected the taxes that are due for remote sales transactions. Esalestax.com does not specifically disclose keeping the identity of the seller a secret. However, it is noted that the keeping of the identity a secret is but a temporary issue as the identity may be eventually revealed under certain circumstances, e.g. fraud committed upon the United States Government.

RFP # 001185 discloses, e.g. pages 15, 25, Model 1, Applicant's claim language, e.g. collecting by an agent and paying sales tax using that agent and a privacy aspect to the collection, but does not disclose collection by a third party agent..

To have provided collecting by an agent and paying sales tax using that agent and further having a privacy aspect to the collection feature for Esalestax.com would have been obvious to one of ordinary skill in the art in view of RFP # 001185. The motivation would have been to combine the two known features to temporarily protect the identity of entities reporting taxes owed.

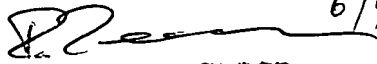

3. Applicant's July 14, 2005 amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

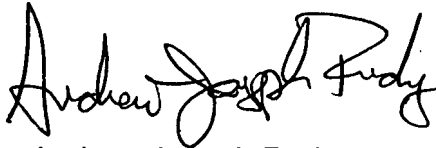

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
